Botswana Public Employees Union | 2026

Title Slide

Visual: BOPEU logo (red shield with white circle and red lips motif).

Speaker Notes

Good morning/afternoon. Today I'm presenting the BOPEU Member Self-Service Platform — a mobile-first digital tool designed to bring union services directly to our 37,000+ members, even in areas with poor connectivity. This platform is built with an offline-first philosophy, meaning members can access critical services anytime, anywhere.

Why We Built This Platform

- 37,000+ members across 5 offices nationwide
- Members in remote areas (Kang, Maun, Ghanzi) face long travel times to access services
- Paper-based forms are slow, error-prone, and easily lost
- Members often miss out on benefits because they don't know they qualify
- Network coverage is unreliable in many parts of Botswana

Visual: Map of Botswana with office locations marked: Gaborone, Francistown, Palapye, Maun, Kang.

Speaker Notes

Our members are spread across the country. A teacher in Kang or a nurse in Gumare shouldn't have to travel hundreds of kilometres just to submit a bursary form or check if they qualify for a loan. And even when they do travel, network coverage can be a challenge. That's why we built this platform to work offline first.

Offline First — Built for Botswana's Reality

- Works without internet — forms, calculators, and information load instantly from your device
- Queues submissions — applications are saved locally and synced automatically when you reconnect
- No data costs for browsing benefits, checking eligibility, or using calculators
- Fast and reliable — no waiting for pages to load on slow connections
- Data is never lost — even if your phone dies, your progress is saved

Visual: Phone icon with cloud and "sync" arrow, showing "Offline → Online" transition.

Speaker Notes

The platform uses your phone's local storage to keep working even when you have no signal. You can fill out a bursary form in a village with no network, and the moment you get signal — maybe when you reach town — it syncs automatically. You don't lose your work. You don't pay for data to browse. This is a game-changer for our members in rural areas.

Everything in One Place

Visual: Phone mockup showing the bottom navigation bar with all 5 tabs.

Tab	What It Does
Timeline	News, updates, and announcements from BOPEU.OFFICIAL
Benefits	Explore all 9 services, check eligibility, and apply
Forms	Digital application forms for all schemes
Card	Digital membership card with QR code for verification
Help	Office locations, contacts, FAQs, and legal info

Speaker Notes

The platform has five main sections. Think of it as your union office in your pocket. Let me walk you through each one.

Stay Informed, Stay Connected

- Member Status Hero Card — Shows your name, member number, and active status at a glance
- Quick Stats — 37K+ members · 5 offices · 9 services · 4 affiliates
- Quick Actions — One-tap access to Bursary, Building Materials, Funeral Cover, Quick Loan, My Card, and Find Office
- Emergency Banner — Direct call button to General Line (3214 200)
- Updates Feed — News cards with Learn More and WhatsApp share buttons

Visual: Screenshot of the Timeline tab highlighting the red member hero card and quick actions grid.

Speaker Notes

The Timeline is your home screen. The red card at the top shows your membership status — you always know you're active. Below that, quick action buttons let you jump straight to the most common tasks. And the updates feed keeps you informed about union news, health benefits, and partnership announcements. You can even share updates directly to WhatsApp.

Discover What You're Entitled To

Eligibility Checker + 9 Union Services

- Select a scheme → Enter months of membership + basic salary → Instant red/green result
- Schemes covered: Bursary, Building Materials, Funeral Cover, Quick Loan, Ordinary Loan, Access Bank Loan
- Legal Representation · Organizing Members · Dispute Resolution
- Collective Bargaining · Grievance Management · Disciplinary Hearings
- Educational Bursaries · Lifestyle Discounts · Building & Airtime

Visual: Screenshot of the Eligibility Checker with a green success message.

Speaker Notes

The Eligibility Checker is one of the most powerful features. Before you fill out any form, you can instantly see if you qualify. No more submitting applications that get rejected. Just select the scheme, enter two pieces of information, and you get an immediate answer.

Major Benefit Schemes

- Educational Bursary: 0% interest · Max P30,000 · Up to 24 months; covers tuition, accommodation, books, and research
- Building Materials (Archein Partnership): Up to P200,000 · 4% monthly on reduced balance · 36 months · No deposit · FREE delivery above P100,000
- Payment Estimator — Slide to see your monthly instalment instantly
- Funeral Cover (Metropolitan Life): Core benefit P60,000 · 1% of basic salary (capped P39.90–P100.00)
- No medical tests · Quick settlement · 12-month premium waiver

Visual: Screenshot of the Building Materials payment estimator with slider.

Speaker Notes

The Building Materials scheme includes a payment estimator. You slide to the amount you need, choose your term, and the platform calculates your monthly payment instantly — no need to call the office or wait for a quote. The same principle applies to the bursary and funeral cover.

Lending Schemes & Exclusive Discounts

- Access Bank — Personal: P10,000–P700,000 · up to 96 months
- Access Bank — Vehicle: P10,000–P1,200,000 · up to 72 months
- Access Bank — Mortgage: P100,000–P3,000,000 · up to 360 months
- WhatsApp payslip to +267 75 750 701 for assistance
- Babereki SACCOS / BOPEU Direct — Quick Loan: P500–P5,000 · 6 months · 48 hours
- Emergency Loan: P2,001–P20,000 · 24 months · 48 hours
- Ordinary Loan: P1,000–P250,000 · savings 1:2 · 7 days
- Exclusive Discounts — Diagnofirm: No 10% patient share · up to 35% off; Virgin Active: 10% off; Penalty Box: 15% off

Visual: Table showing loan types with amounts and turnaround times.

Speaker Notes

We've partnered with Access Bank and Babereki SACCOS to offer loans at every level. The Quick Loan is perfect for emergencies — P5,000 in 48 hours. And don't forget the health discounts. Show your digital card at Diagnofirm and you save immediately.

Digital Forms — No More Paper

- Form A — New Membership Registration: 3-step wizard: KYC → Employment → Union Forms
- Form B — Educational Bursary: 0% interest · Max P30,000
- Form C — Building Materials (Archein): Max P200,000 · payment estimator
- Form D — Funeral Cover (Metropolitan): 1% salary · spouse & children auto-calculated
- Form E — Lending Schemes: Access Bank + Babereki SACCOS
- Form F — Report a Discount Issue: photo upload · quick report
- Form G — Contact / Grievance / Dispute: legal, disputes, and general contact

Visual: Screenshot of Form A's 3-step stepper: Personal KYC → Employment → Union Forms.

Speaker Notes

Every form is digital. Form A for new members uses a 3-step wizard to reduce drop-off — members complete one section at a time, with a progress indicator at the top. Uploads support camera, gallery, or PDF — so you can photograph your Omang and payslip right there.

Smart Form Features

- 3-Step Stepper (Form A) — Personal KYC → Employment → Union Forms
- Auto-Calculation — Bursary: Monthly instalment = Amount ÷ Months (0% interest)
- Funeral: Subscription = 1% of salary (auto-capped P39.90–P100.00)
- Building: Monthly payment = PMT formula (4% monthly on reduced balance)
- Ratio Check (Ordinary Loan) — Enter savings, see max borrowable (1:2 ratio) in real-time
- Document Checklists — Tick off required documents before submitting
- Offline Queue — Submissions saved locally and synced when online

Visual: Screenshot of the loan ratio check showing green "OK" message.

Speaker Notes

These forms aren't just digital versions of paper — they're smart. The funeral cover form automatically calculates your subscription based on salary. The ordinary loan form checks your savings ratio in real-time and tells you the maximum you can borrow. This prevents rejections and saves everyone time.

Your Card, Always With You

- Digital Card Design — Dark gradient with BOPEU branding, member photo, and QR code
- QR Code Verification — Partners scan to verify active membership instantly
- Fullscreen QR Mode — Large, scannable QR for easy verification
- Download PDF — Save a copy to your device
- Partner Directory — Filter by sector: All, Retail, Health, Travel, Hardware
- Partner Discounts — Diagnofirm: 35% · Virgin Active: 10% · Penalty Box: 15% · Archein Hardware

Visual: Screenshot of the digital card with QR code and fullscreen QR modal.

Speaker Notes

No more 'I forgot my card at home.' Your membership card lives on your phone. The QR code can be scanned by partners to verify you're an active member. And the partner directory shows you exactly where you can save money.

Help When You Need It

- Gaborone HQ — Plot 54374, Grand Union Building, Block C · Tel: 3214 200
- Francistown — Sam Nujoma St, Plot 4900 · Tel: 231 0000
- Palapye — Plot 23229 · Tel: 480 0000
- Maun — Main Mall, Plot 693 · Tel: 688 0000
- Kang — Plot KA5/KA6/KA7 · Tel: 6511198
- Peelo Place — CBD Plot 54366, Gaborone
- info@bopeu.org.bw · support@bopeu.org.bw
- 3214 200 · +267 393 4222 · Facebook: BOPEU.OFFICIAL · YouTube: BOPEU TELEVISION
- FAQ — Who are we? · What we stand for · What we do · How to join · Who can join?

Visual: Screenshot of office cards with phone numbers.

Speaker Notes

All our offices are listed with phone numbers you can tap to call directly. The FAQ section answers the most common questions about BOPEU — our history, our values, and how to become a member.

Know Exactly Where Your Application Stands

- Bursary — Pending at Palapye: Submitted → Verified → Office Review → Approved → Paid
- Building Materials — Approved: Submitted → Verified → Office Review → Approved → Delivery Scheduled
- Quick Loan — Disbursed: Submitted → Verified → Approved → Disbursed

Visual: Screenshot of the Application Tracker with timeline dots (green = done, red = current).

Speaker Notes

Once you submit an application, you can track it every step of the way. The timeline shows exactly where your application is — submitted, verified, under review, approved, or paid. No more calling the office to ask 'What's happening with my application?'

How Offline-First Works

- What Works Offline — Browsing all benefits and information; all calculators; filling out all forms; checking eligibility; viewing your digital card and QR code
- What Syncs When Online — Form submissions; new updates and announcements; partner directory updates
- Data stored in your phone's localStorage
- Submissions queued and synced automatically when connection returns
- No data charges for browsing — only minimal data for syncing

Visual: Diagram: Phone (Offline) → Queue → Sync → Server (Online).

Speaker Notes

This is the heart of the platform. Everything you need to browse, calculate, and fill out works offline. When you submit, it's saved to a queue on your phone. The moment you have signal — even for a few seconds — it syncs to our servers. You'll see a notification when it's submitted. This means a member in a remote area can complete a bursary application and submit it when they next pass through a town with coverage.

Get Started Today

- For Members — Open the platform; browse benefits and check eligibility; fill out forms online or offline; track applications; show your digital card at partners
- For Shop Stewards — Help colleagues register using Form A; share updates via WhatsApp; guide members to the right forms
- For BOPEU Staff — Monitor submissions in the tracker; process applications faster with digital data; reduce paper waste and manual entry

Visual: QR code linking to the platform + “Scan to Get Started”.

Speaker Notes

The platform is available now. Scan the QR code, open it on your phone, and start exploring. For shop stewards, this is a powerful tool to help your colleagues. For staff, it means faster processing and less paperwork. Together, we're making BOPEU services accessible to every member — no matter where they are.

Thank You

- (267) 3214 200
- Facebook: BOPEU.OFFICIAL

Visual: BOPEU logo with the tagline.

Speaker Notes

Thank you for your time. I'm happy to take any questions. Remember — this platform is for you. It's built to work wherever you are, with or without internet. Let's make sure every BOPEU member knows about it and uses it.

PART 2: PRESENTER'S GUIDE

1. Know Your Audience

Audience	Focus On	Tone
Members	Benefits, how to use, offline advantage	Friendly, practical
Shop Stewards	Form A registration, sharing updates, helping others	Empowering, instructional
BOPEU Staff	Tracker, processing, data management	Professional, efficiency-focused
Partners	QR verification, discount process	Collaborative, clear

2. Technical Setup

- Device: Use a smartphone or tablet to demo the live platform
- Backup: Take screenshots of key screens in case of connectivity issues
- Offline Demo: Turn on airplane mode to demonstrate offline capability
- Projector: If presenting to a group, mirror your phone screen
- QR Codes: Print a QR code linking to the platform for attendees to scan

3. Timing Guide

Section	Slides	Time
Introduction & Problem	1–3	5 min
Platform Overview	4–5	5 min
Benefits Deep Dive	6–8	10 min
Forms & Tracker	9–11, 13	10 min
Offline-First Demo	14	5 min
Call to Action & Q&A	15–16	5 min
Total		40 min

Presentation Flow

Opening (2 minutes)

Good morning. Thank you for being here. Today I'm going to show you something that I believe will change how you interact with BOPEU — whether you're in Gaborone or in Kang, whether you have full signal or no signal at all. This is the BOPEU Member Self-Service Platform.

Key message / demo: This is for every member, everywhere.

The Problem (3 minutes)

Let me start with a question. How many of you have ever had to travel to a BOPEU office just to pick up a form or ask a question? How many of you have filled out a form, submitted it, and then waited weeks without knowing what's happening? And how many of you have been in an area with no network and needed information?

Key message / demo: The current system works, but it can be better. Members deserve instant access, transparency, and convenience.

The Solution — Offline First (5 minutes)

The BOPEU platform is built offline first. That means it works even when you don't have internet. You can browse benefits, use calculators, fill out forms, and check your eligibility — all without data. When you do get signal, your submissions sync automatically.

Key message / demo: Demo: Turn on airplane mode; open platform; navigate tabs; use calculator; fill form; turn airplane mode off and show sync. Key message: No member is left behind because of connectivity.

Benefits Walkthrough (10 minutes)

Let's look at what you can do. The Benefits tab has everything — bursaries, building materials, funeral cover, loans, and exclusive discounts. And before you apply, you can check if you qualify.

Key message / demo: Demo: Eligibility Checker. Select Bursary. Enter 18 months and P8,500 salary. Show green result; change to 3 months and show red result. Key message: Transparency and instant feedback.

Forms & Tracker (10 minutes)

Now let's look at the forms. Form A is for new members — it's a 3-step wizard. Step 1: Personal KYC. Step 2: Employment. Step 3: Union Forms. You can upload documents from your camera, gallery, or PDF. And if you're offline, it saves your progress.

Key message / demo: Demo: Form A, stepper, upload button, then Application Tracker. Key message: Transparency and control.

Digital Card (5 minutes)

Your membership card is now digital. It has a QR code that partners can scan to verify you're active. And it's always on your phone — no more forgetting your card at home.

Key message / demo: Demo: Card tab, digital card, Show QR Fullscreen, partner directory. Key message: Convenience and instant verification.

Offline-First Deep Dive (5 minutes)

Let me explain how the offline-first works. Everything you see — benefits, calculators, forms — is stored on your phone. When you submit, it goes into a queue. The moment you have signal, it syncs. You don't lose your work. You don't pay for data to browse. This is built for Botswana's reality.

Key message / demo: Key message: Reliable, fast, and cost-effective.

Call to Action (3 minutes)

So what do you do now? Open the platform. Browse the benefits. Check your eligibility. Fill out a form — even offline. Track your application. Show your card at partners. And tell your colleagues. This platform is for all 37,000+ members.

Let's make sure everyone knows about it.

Key message / demo: Key message: Start using it today. Share it with others.

Q&A; (5 minutes)

Key message / demo: Common Questions & Answers are provided below.

Common Questions & Answers

Question	Answer
Do I need data to use it?	No — browsing, calculators, and forms work offline. Only submissions need data to sync.
Is my data safe?	Yes — data is stored locally on your phone and transmitted securely when syncing. We don't sell your data.
What if I don't have a smartphone?	Visit any BOPEU office or ask a shop steward for assistance. The platform is also accessible on any device with a browser.
How do I know my submission was received?	You'll see a confirmation modal with a reference number. You can also track it in the Application Tracker.
Can I use it for someone else?	The platform is designed for individual members. For assistance, contact your shop steward or nearest office.
What if I make a mistake?	You can edit before submitting. Once submitted, contact your nearest office for corrections.
Is it free?	Yes — the platform is free for all BOPEU members. No data charges for browsing.

Demo Script — Step-by-Step

Demo 1: Offline Browsing

1. Turn on airplane mode
2. Open the platform
3. Navigate to Benefits tab
4. Open Building Materials section
5. Slide the payment estimator — show monthly payment changing
6. Navigate to Forms tab
7. Open Form B (Bursary)
8. Fill in institution name and amount
9. Show monthly instalment auto-calculation
10. Don't submit yet — leave it filled

Notice — no internet, but everything works. I've just filled out a bursary form offline.

Demo 2: Sync When Online

1. Turn off airplane mode
2. Show the ONLINE badge in the header
3. Submit the form
4. Show the confirmation modal with reference number
5. Navigate to Application Tracker
6. Show the new application in the timeline

And now it's synced. The office will see it. I can track it here.

Demo 3: Digital Card

1. Navigate to Card tab
2. Show the digital membership card
3. Tap Show QR Fullscreen
4. Show the large QR code
5. Close modal
6. Scroll to Partner Directory
7. Tap Health filter — show Diagnofirm, Virgin Active, Penalty Box

This is what partners scan. And here are all the places you can save.

Demo 4: Eligibility Checker

1. Navigate to Benefits tab
2. Scroll to Eligibility Checker
3. Select Bursary
4. Enter 18 months and P8,500
5. Show green result
6. Change months to 3

7. Show red result

Instant. No waiting. No guessing.

Tips for a Great Presentation

Do's

- Demo offline first — this is the unique selling point
- Use real examples — a teacher in Kang or a nurse in Maun
- Show, don't just tell — live demo is more powerful than slides
- Invite interaction — ask attendees to open the platform on their phones
- Have backup screenshots in case of technical issues
- Speak to benefits, not features — You save 35% at Diagnofirm rather than The partner directory has filters

Don'ts

- Don't rush the offline demo — it's the most important part
- Don't use technical jargon — say saves on your phone rather than localStorage
- Don't skip the tracker — transparency is a key benefit
- Don't forget the call to action — tell people exactly what to do next
- Don't ignore questions — if you don't know, say I'll find out and get back to you

Customization Guide

For Different Audiences

Audience	Emphasize	Demo	Call to action
Members	Benefits, how to apply, offline convenience	Benefits, offline form, card	Open it now and check your eligibility
Shop Stewards	Form A registration, helping colleagues, sharing updates	Form A wizard, WhatsApp share	Help 5 colleagues register this week
BOPEU Staff	Application Tracker, reduced paperwork, faster processing	Tracker, confirmation, data export potential	Use the tracker to process applications faster
Partners	QR verification, member authentication, discount process	Digital card QR, fullscreen mode, directory	Scan BOPEU cards with confidence

For Different Time Slots

Version	Slides	Demo	Focus
15-minute	1, 3, 4, 6, 9, 14, 15	Offline browsing + sync	Offline-first + key benefits
30-minute	1–5, 6–8, 9–10, 13–15	Offline + sync + card + eligibility	Full platform overview
60-minute	All slides	Full demo + hands-on session	Extended Q&A

Quick Reference Card (For Presenter)

Topic	Key Message	Demo
Offline-first	Works without internet, syncs when online	Airplane mode demo
Eligibility Checker	Instant red/green result	Change months from 18 to 3
Form A	3-step wizard, uploads, offline queue	Fill step 1, show stepper
Building Materials	P200k max, 4% monthly, no deposit	Slide estimator
Funeral Cover	1% salary, capped, no medical tests	Enter salary, show subscription
Digital Card	QR verification, always on phone	Show QR fullscreen
Application Tracker	Know exactly where your application is	Show timeline
Partner Discounts	Diagnofirm 35%, Virgin Active 10%	Filter by Health

Final Checklist Before Presenting

- Phone/tablet charged (100%)
- Platform loaded and tested
- Airplane mode demo practiced
- Backup screenshots saved
- QR code printed for attendees
- Presentation slides loaded
- Speaker notes reviewed
- Q&A answers prepared
- Contact details ready to share
- Feedback form prepared (optional)
